## New Art at The Club...

The Faculty Club is pleased to have the artwork of Erin Williams exhibited for the months of September and October.

Erin has always loved flowers. One of her first memories is of looking into the face of a rich purple and gold pansy, becoming one with its loveliness. Born in Berkeley in 1958 Erin grew up in a bi-coastal family, traveling between California and Albany, New York. She spent much of her childhood visiting art museums throughout the world and drawing and painting. She studied at the Academy of Art in San Francisco and received her M.F.A.

Upon graduation Erin moved to the lush, quiet Willamette Valley where she raised her family in an idyllic farmhouse setting and spent 20 years painting the beauty of nature around her. She exhibited in dozens of juried shows and was represented by several galleries in Oregon and Seattle, becoming well-known in the Pacific Northwest and locally famous in Eugene.

At the end of 2005 Erin literally followed a dream and moved to Santa Barbara, site unseen. The new love she has discovered inside and out is the source for her watercolors which continue to flourish in an evermore luminous, rich opulence. Erin's popular watercolors are featured in many collections worldwide.
